New Exhibit

The Warner Brothers: From Hometown to Hollywood

Now Open

The Arms Family Museum

The Warner Brothers: From Hometown to Hollywood, includes images and correspondence from the MVHS archives that document the Warner family's Youngstown beginnings through the Hollywood years. There are a few images of the lesser-known Warners: parents Benjamin and Pearl, sisters Anna, Rose, and Sadie, and brothers David and Milton. There is also a painting depicting the lobby of Youngstown's Warner Theatre, circa 1940, by local resident James M. Holland.

The Warner Brothers: From Hometown to Hollywood remains open through June, 2016.

History with Homeschoolers

Founding Leaders

Wednesday, April 13th 10:00 a.m.-12:00 p.m.

Recipes of Youngstown

"Memories of Mama's Kitchen"

Saturday, May 7th Noon-4:00 p.m.

Tyler History Center

In conjunction with Mothers Day, this tasting event will feature over 30 recipes that honor the delicious dishes we remember our moms, grandmothers, and great-grandmothers used to make.

The highlight of the event is the dedication of the Recipes of Youngstown Kitchen, which is set for 2:00pm. Sales from the cookbook as well as from two prior tasting events plus pierogy and brier hill pizza sales have brought in significant funding toward the \$50,000 goal. To complete this pledge, the community is invited to attend "Memories of Mama's Kitchen." Admission and parking are free but guests can purchase six tasting tickets for a \$5.00 donation. There will also be a basket raffle, 50/50 drawing, and grand prize raffle.

Nomination information and applications are available for the 2016 MVHS Historic Preservation Awards. This program is a great chance to recognize individuals, businesses and other organizations that have taken an interest in preserving the built environment in Mahoning and Trumbull counties. If you know of a project that meets the criteria, please consider a nomination.

The deadline is fast approaching! Make History with the Ohio History Fund

The Mahoning Valley Historical Society is pleased to announce completion of the digitization of the Historical Society's microfilm holdings. Plans are underway to develop future access through the Historical Society's website. The digitization project was made possible in part by a grant from the Ohio History Connection's History Fund.

The History Fund is supported exclusively by voluntary donations of Ohio income tax refunds and designated gifts to the Ohio Historical Society. [Learn more >](#)
